**Subject:** Microsoft Settlement

I just wanted to voice that I feel the current proposed settlement is not adequate and equates to insufficient penalty against Microsoft.  
Microsoft as a company has used anti-competitive practices to grow into a monopoly, and is, by witnessing the terms of the proposed settlement, using more of its power to avoid justice.  
Please add my voice to the count *\*against\** the proposed settlement under the Tunney Act.  
Thank you.

Brian DeRosa
